

Advocate Family Care Network

Counseling Services

1.800.216.1110

Advocate Family Care Network is a behavioral health outpatient division of Advocate Health Care. Since 1982, our team of experienced and compassionate professional therapists and counselors have helped children, adults, and families address their challenges. Our clinical staff consists of licensed clinical psychologists and licensed clinical professional counselors (LCPCs).

Clinical Services

Advocate Family Care Network provides a range of adult, adolescent, child and family outpatient psychotherapy and counseling services including:

- **Individual counseling** can address depression, anxiety, relationship difficulties, stress, self-esteem, coping with loss and grieving, anger, ADD and ADHD, traumatic experiences, work issues, and behavioral problems.
- **Couples & marital counseling** can address issues of relationship difficulties, poor communication, and family problems.
- **Family counseling** can address difficulties that affect families, such as family conflicts, child and adolescent behavioral problems, and other family issues.
- **Other services** include ADD/ADHD evaluations and treatment, stress management, and lecture presentations in the community on a range of behavioral health topics.

Appointments and Fees

To begin services, please call our AFCN Intake Department at 1.800.216.1110. After we obtain initial information and check insurance benefits, clinical psychologists and licensed clinical professional counselors are assigned and call clients to schedule first appointments. Advocate Family Care Network participates in many HMO and PPO managed care plans and fees vary based on these plans. Self-pay is available. We do not accept Medicaid or Medicare. Our therapists are available Mondays to Saturdays.
