

# About Advocate Lutheran General Hospital

Advocate Lutheran General Hospital is a leading health care provider in Chicago's North and Northwest suburbs offering a Level I Trauma Center, access to national clinical trials and advanced medical technologies. As a nationally recognized academic and research hospital, patients have access to the most advanced treatment in the areas of cardiology, cancer, neurosciences, orthopedics and women's health. Located on the campus is Advocate Children's Hospital, one of the 14 largest children's hospitals in the country. Lutheran General is part of Advocate Aurora Health, the 10th largest not-for-profit, integrated health system in the United States. We help people live well.
